

Hearts & Hands for Humanity

At Three, we know the limitless power that purpose has to change lives and bring greater hope. That's why we've partnered with Hearts and Hands for Humanity, a non-profit dedicated to providing safe drinking water to millions in Africa.

BLESS A MILLION LIVES

In Africa, a child under the age of 5 dies due to water-related disease every minute. Our partner, Hearts and Hands for Humanity, provides clean water to African communities using an innovative tool: The Center Earth Drill. This human-powered device can drill up to 250 feet below the earth's surface, creating wells to draw up clean, drinkable water.

Hearts & Hands For Humanity Commitment

Three promises that 100% of our Brand Ambassador donations go directly to providing clean, safe drinking water to African communities in need, with zero administrative costs deducted.
